TECHNICAL SKILLS

- C#
- ASP.NET MVC/CORE
- Web API
- Azure DevOps
- SQL Server
- ADO.NET
- Dapper
- Entity Framework
- LINQ
- JavaScript
- Jquery
- Angular
- React
- Bootstrap
- HTML
- Redux
- CSS
- DXDatagrid
- GIT/SVN/TFS
- Agile/Scrum
- Unit Testing/xUnit/MS Test
- SOLID Principles
- CI/CD

EDUCATON

Kotelawala Defence University

B.Sc.– Information Technology   Jan 2013 - Jun 2016

Piliyandala Central College   2001 - 2010

G.C.E. Advanced Level In 2011
Physics-S, Chemistry-C, Combined Mathematics – C

G.C.E. Ordinary Level Examination in 2007
8 A grades 2 B grades

EXPERIENCE(4+ Years)

Antler IT Solutions (Software Engineer)   May 2019 - Present

1.HR Management system(Avior HRM)

Technologies: C#.net, MVC 5, **Angular 6**, Ajax, , LINQ, SQL Server, WebApi,GIT

Responsibilities:

- Developed and designed critical modules
- Planning, Design and Implementation of software applications, including UI design and writing code according to given specifications
- Came up with own innovative ideas and find solutions to problems
- Gave support to resolve tasks to the team
- Helped and gave advise to the interns to achieve their target
- identified areas for modification in existing programs and subsequently developing these modifications
- Working with deadlines while adhering to all web and coding standards

2.ERP Solution (Avior ERP)

Technologies: C# **ASP.NET Core 3.0**, **React js**,LINQ, SQL Server 2019, WebAPI,Dxdatagrid,GIT

Responsibilities:

- Designed and built web applications using the latest technologies and best practices.
- Set up the project Environment
- Produced high quality,clear and maintainable code,
- Maintained a system and kept track of software developments and optimizing the code.
- Did the react js Session to my team members.
- Gave my knowledge and shared my knowledge with other team members

AREA OF EXPERTISE

Web Application Development

Leadership and Management

Proficient Trouble Shooting

Agile and Scrum Methodologies

Technical Process improvement

PERSONEL SKILLS

Creative

Teamwork

Innovative

Organization

Communication

PERSONEL Details

Age	29 years
Date of Birth	1991-06-06
NIC No	911580756V
Sex	Male
Marital Status	Single

- Troubleshoot and debug application
- Working closely with other developers, business and systems analysts
- Member of agile team environment working across time zones
- Planed and estimation for given task

3.Fleet Management Solution(Avior Fleet)

Technologies: ASP.NET Core,Angular 9, LINQ, SQL Server , WebAPI,Dxdatagrid,Dapper,GIT

Responsibilities:

- Developed ,maintain and extend software component based on system architecture and design
- Did the Authentication and Authorization
- Accountable for timely and quality deliverables
- Gave Asp.net core knowledge to team members
- Modified software to fix errors, improve its performance, or upgrade interfaces.
- Wrote and implementing efficient code
- Wrote system modules either from scratch or by amending existing system
- Worked with deadlines while adhering to all web and coding standards
- Guided Junior developers

PERSONEL PROJECTS

3.Sihas Application

Technologies: ASP.NET Core,Angular 9, LINQ, SQL Server, WebAPI,Dxdatagrid,Dapper,GIT

Responsibilities:

- Designed the database
- Designed and built web application using the latest technologies and best practices.
- UI Development,(Responsive)
- Deployment
- Worked collaboratively and participate conversation with clients.
- Clean,readable and easy maintainable code
- Manged priorities on different deliverable
- Found and fixed bugs in a timely manner
- Worked independently with minimum supervision as well as contribute to team efforts
- Kept the coding standards and working with deadlines while adhering to all coding standards

3.Tuition Management System-Private Project

Technologies: ASP.NET Core,Angular 9, LINQ, SQL Server, WebAPI,Dxdatagrid,Dapper,GIT

Responsibilities:

- Designed Database and Optimization
- Gathered and Analysed the requirement from client
- Did the quality assurance
- Presented the Demo to the Client

Paragon Software Lanka (Pvt) Ltd (Associate Software Engineer)
November 2017 - 2019 April

1.POS and inventory Management System

Technologies: ASP.NET MVC 5, JQuery,Entity Framework 6, LINQ, SQL Server , WebAPI

Responsibilities:
- Developed and designed critical software modules
- Tested sample data-sets to check that the program works as intended
